

# FLYING HIGH

By Janine Bouyssounouse

"Wow! It's a great day. Let's go out and fly a kite," said Bob.

"But we don't have a kite," said Bill.

"Making the kite will be part of the fun. It's an adventure," said Bob.

Chopsticks, bamboo skewers, tape, newspaper and dental floss for string were used to make this homemade kite.

Bill said, "Wow, I've never seen the garbage look so good."

## FLYING HIGH Follow Up Questions

# FLYING HIGH

## Follow Up Questions And Answers

1. How is the title related to the story? *The story is about making and flying a kite and the kite should fly high. Also the kids did a great job of solving their own problem by using recycled products.*
2. What problem does Bill see? *Bill wants to fly a kite, too, but he knows they don't have a kite to fly.*
3. How do they resolve the problem? *Bill and Bob make their own kite out of things they find at home.*
4. What materials are used? *"Chopsticks, bamboo skewers, tape, newspaper and dental floss for string were used to make this homemade kite."*
5. Why does Bill say, "Wow, I've never seen the garbage look so good."? *Bill said this because they used items that were going to be thrown away to make the kite.*
